Clean Architecture in Flutter — Why Your Code Needs to Be Organized.

Zyad Wael

Flutter Mobile Application Developer | Technical Writer | Data Science Student
Alexandria, Egypt

Summary

Since 2023, I’ve focused on building Flutter apps that people truly enjoy using. I love turningcomplex ideas into smooth, high-performance experiences, whether I'm experimenting with AI orsharing tools with the developer community. My goal is to combine clean code with intuitive designto create something that is both technically solid and genuinely helpful for the user.

Experience

Vee Tech
Mobile Application Developer
July 2026 - October 2026 (4 months)
Cairo, Egypt

Rockai Dev
